

M-Tork® Centerfeed Systems

M-Tork® Centerfeed Systems

**Fast, Convenient Towel Dispensing in Work Environments
Where Productivity Counts**

- Easy, one-hand dispensing
- Highly absorbent paper
- Increased selection of paper options
- Family of products ideal for multi-workplace use
- Design appropriate for wet environments

M-Tork® Systems

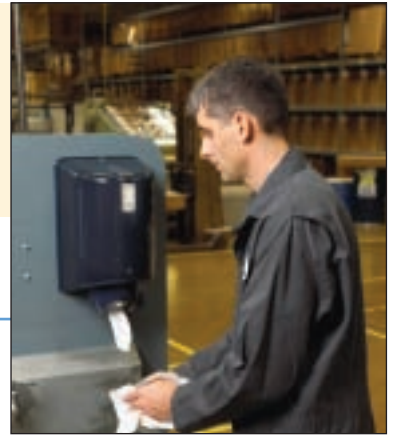

SCA Tissue Continues to Advance Centerfeed Dispensing Concept

After pioneering the centerfeed dispensing system, SCA Tissue has steadily improved on its innovation ever since. Its latest advance is the unique “Pro” feature that reliably and conveniently delivers a clean, open towel each and every time. M-Tork Systems offer a variety of benefits including:

- One-Hand Dispensing
- Flexible Towel Delivery
- High Capacity
- Easy Operation
- Space-Saving Convenience
- Hygienic Quality
- Multi-Purpose Towels
- Simplicity and Reliability

M-Box (the original) and M-Box Pro

The M-Box dispenser features a high-capacity, centerfeed towel dispensing system. It is ideal for high-traffic restrooms in office buildings, manufacturing facilities, restaurants, public buildings, schools, workshops and other environments where highly absorbent paper needs to be easily accessible. The system dispenses a variety of high-quality towels, all perforated for easy and convenient use.

Reliable and durable

Space-Efficient M-Box Mini

Offering all of the benefits of the original, the M-Box Mini is appropriate for any area where space is at a premium.

Space-saving design

Watertight M-Box Pro WT

The Tork M-Box Pro WT is a high-capacity towel dispenser perfect for wet or humid environments, such as food-processing plants and food-preparation kitchens. It supports HACCP guidelines and features a design that is durable, reliable, hygienic and watertight.

Convenient operation in wet or humid environments

Tork Gas Island Adapter

The Tork Gas Island Adapter is designed to convert most standard gas-island towel and windshield washer units into centerfeed towel dispensing systems. The adapter accommodates M-Tork Mini towel rolls that can offer up to 40 percent additional towels than do conventional windshield towel dispensers.

Convert gas-island units

Towels for the M-Tork systems are available at two levels of quality:

- **Plus:** A quick-absorbing, 2-ply paper towel with improved softness and strength. It is ideal for use in Class-A office buildings and upscale dining facilities.
- **Standard:** A hearty, high-quality paper towel for everyday use, available as 1-ply and 2-ply products.

The M-Tork Centerfeed System roll towels provide users with ideal softness and strength.

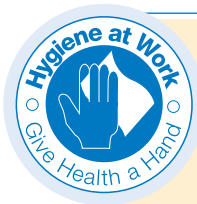

One-hand dispensing

Easy to Load

Hygienic quality

Ideally suited to tight locations, Tork M-Box Centerfeed dispensers minimize the likelihood that your patrons will touch contaminated countertops or surfaces during use. This feature is especially important in foodservice environments where space constraints and contaminated surfaces are common.
